## Board of Directors Chair and President & CEO

#### Invested in you

As we look back at 2022, and move into 2023, we continue to focus on being invested in you, our members and our communities. This has become increasingly important as we navigate uncertain times in the global markets and face inflation head on. Throughout 2022, we made several changes that enhance our focus on giving the very best advice, services, and support to our members to help them and the communities we serve to thrive.

Mainstreet saw excellent growth in 2022 as members trusted us with starting and expanding their businesses, buying their first homes, and investing for their futures.

#### Invested in our members

During a time where inflation is impacting many of our members, we are proud to report that service charges decreased year-over-year from \$3.5 to \$3.1 million.

As a member-owned cooperative we share our profits with our members. We set an annual target to distribute at least 20% of our operating income to you in profit-sharing. In 2023, that translated to \$1,058,521 of profits going right back to members in dividends.

In addition to our normal patronage dividend and investment share interest, in 2021 we started to pay interest on member shares, and in 2022 on existing patronage shares. The interest amounts on member shares and patronage are paid into members' patronage share accounts, which will compound over time. The interest rate set on investment, member, and patronage shares is maintained at a premium rate that is equal to our average 5-year GIC rate +1%, which for 2023 was 4.89%.

#### Invested in our communities

Caring for our communities is another important cooperative principle for Mainstreet. We have set a mandate to donate 5% of operating income right back into the communities where we live, work, and play.

In 2022 we are proud to have shared a total of \$193,150. We worked with organizations such as United Way, regional health foundations, and individual non-profits, to help maximize the services and programs that provide support for the complex needs within our communities. We were able to invest in our families and youth by once again providing a student scholarship, a program we aim to grow.

Alongside these larger initiatives, we were happy to volunteer our time and resources to various local organizations and sponsor and participate in events across our communities.

#### Invested in the future

Being a member-owned cooperative, our most important measure is member satisfaction. This past year we achieved a best-in-class 94% Member Satisfaction and 84% Net Promoter Score ratings. We are pleased to know that our members are benefiting from our value propositions; providing quality advice and personalized solutions, being responsive through engaged teams, being purpose driven and connected to community, and providing member centric omni-channel solutions.

Being truly member-centric within a flexible omni-channel service delivery model is an opportunity we will remain focused on over the coming years. We want members to be able to do what they want, when they want, and through their channel of choice. We believe in providing help and support in a flexible way that caters to individual needs.

We have made significant strides in technology recently, including the upgrade of our online banking platform. In the near future we will be adding new conveniences to our online offerings like the ability to see Mainstreet credit card balances and a self-serve account opening and loan application system for members who want to do more online. For those who prefer other channels, we will continue to make improvements to our branch, contact centre, and chat channels.

Cybersecurity is an ongoing issue for financial institutions globally. We continue to add new security features and invest in our cybersecurity systems and policies to stay one step ahead. We encourage you to take your security seriously. Do not reuse passwords, be vigilant against malicious software, and be aware of the latest scams. If you're ever not sure, please reach out and we are always happy to help. Our system allows you to set-up alerts within online banking. You can set it to alert you if certain higher risk actions are taken, like adding a bill payment or new e-transfer recipient.

#### Invested in our team

We would like to thank the executive leadership team and all the incredible staff at Mainstreet for their amazing hard work this year. It has been an excellent year and they've played a pivotal role in making this year a success. Our employees really are what differentiates us at Mainstreet, and we take employee engagement very seriously. In 2023 we achieved best-in-class employee engagement scores. We believe that engaged, empowered employees are key to delivering an amazing member experience. We will continue to invest in our teams who are so important to everything that Mainstreet does.

Finally, we want to extend our gratitude to our board of directors who serve and represent our members throughout the year, and to our members who trust us with their finances and financial goals daily. We look forward to continuing to serve you.

## **Report of the Audit & Risk Committee**

For the Year Ended December 31, 2022

The Committee, which consists of four directors, meets at least quarterly and has adopted a mandate that covers all of the duties in the Regulations to the Act which are specified to be performed by the Audit & Risk Committee.

As delegated by the Board of Directors, the Audit & Risk Committee has primary responsibility for review of the audited financial statements, internal controls, accounting policies and reporting procedures and it has primary contact with the internal and external auditors.

## **Diversity, Equity, and Inclusion**

Mainstreet Credit Union is committed to fostering a safe, inclusive, and caring environment for all employees and members. We are proud to celebrate the difference between and within every employee, and member, and have a zero-tolerance policy for discrimination, racism, and harassment.

As of 2022, Mainstreet has established a diversity, equity, and inclusion committee. During their short tenure they have launched a voluntary census and feedback survey for all staff to take part in, training, and participating in, and organizing, special DEI awareness activities and events.

## **Gender Equity**

The Credit Union sector has a proud and celebrated past with being the first financial institution to lend to women in their own names in the 1960's (when this was not permitted across the industry). A recent 2021 Credit Union National Association study found that 51% of Credit Union CEOs are women, compared to only 3% at banks.

Our current executive leadership team is 50% female-led and women occupy management and diverse roles across the organization, such as: digital, data analytics, agricultural and commercial account managers, and more. Areas of opportunity for the organization would be improving the proportion of visible-minority staff and working to recruit a more diverse board of directors (current make-up is 8 men and 1 woman, with no visible minority representation).
